The Examiner notes that in SN 10/701496 the PTO received after Notice of Allowance but before the payment of the issue fee an IDS which cites US 5,571,617. This, of course, requires a Rule 1.97(e) certification. The certification provided states that the item of information was "first cited in "a" (instead of "any" as required by Rule 1.97(e)) communication from a foreign patent office....". As such it is clear that applicants have not properly certified the presented reference and accordingly it will not be considered.
